

## BRACKET FIXED SUN LOUVRES

### BRACKET FIX BLADES VERTICALLY OR HORIZONTALLY

All Louvretec sun louvres can be bracket fixed using Louvretec's proprietary bracket fixing systems. Die cast or extruded brackets are custom manufactured site specific, enabling the louvre blades to be set at any pitch or to any centres.

#### VERTICAL PANELS BRACKET FIXED

- All Louvretec Airfoil and Maxi Louvres can be bracket fixed, with the blades:
  - set at any angle
  - set at any centre (blade centre)

VERTICAL PANEL BRACKET FIXED

#### OVERHEAD PANELS BRACKET FIXED

- Horizontal or overhead louvres may fit above an existing opening, or as illustrated may require a specific structural sub frame.
- Sub frames are typically aluminium or steel and usually require specific engineering details.
- Louvretec specialises in the supply and installation of aluminium structural sub frames. Please contact Louvretec for further details.

OVERHEAD PANEL BRACKET FIXED
